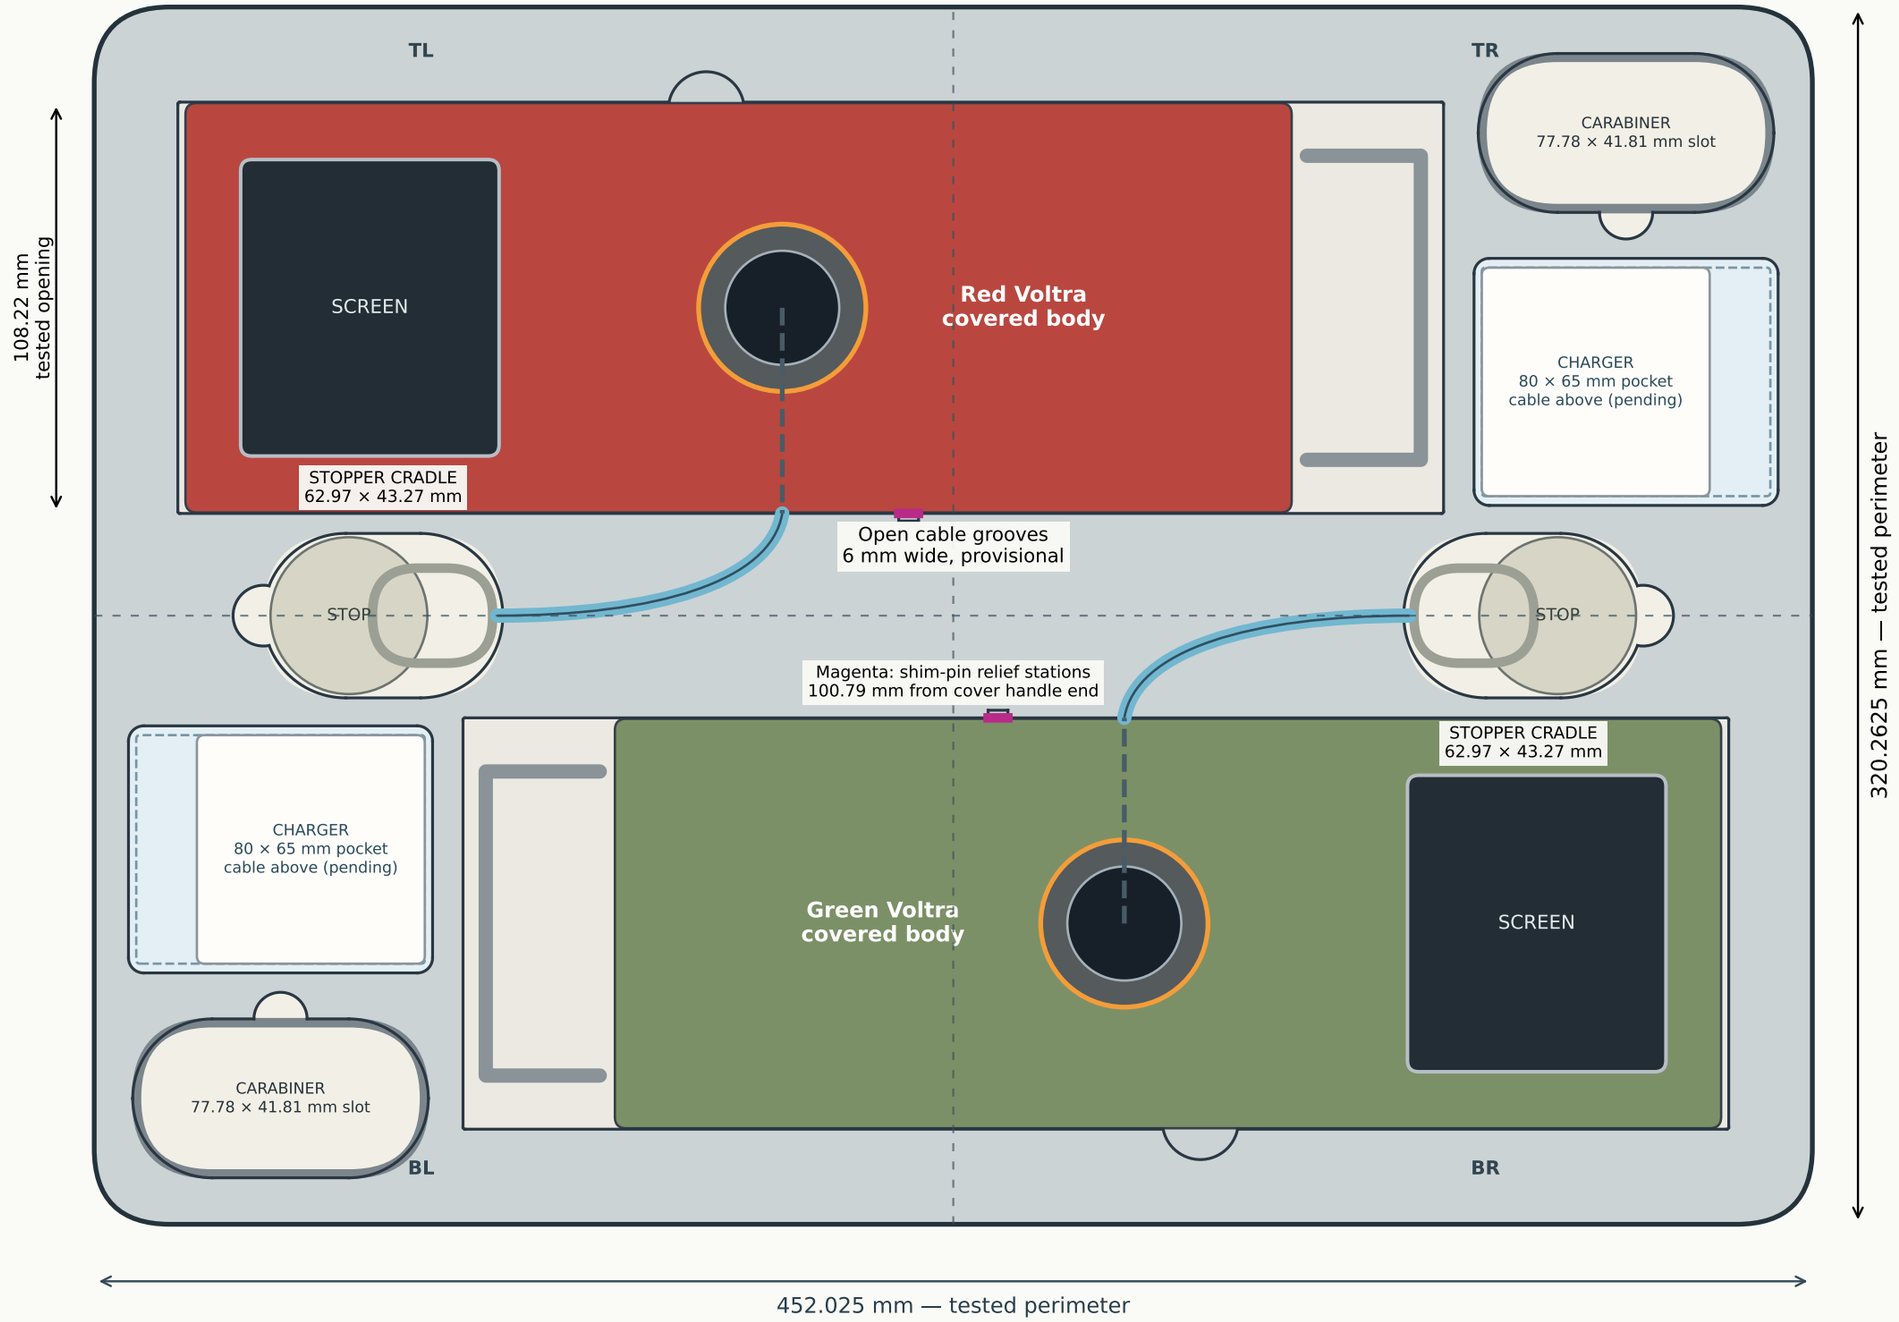
Apache 4800 • charger layout preview V2

Both upper foam layers replaced by four PETG sections • solid bottom cushion and lid foam retained

Carabiners moved toward the corners • two 80 × 65 mm charger compartments • charging cable space planned above chargers



Layout for review, not a final printable model. Equipment features and accessory outlines are schematic.
Charger size checked including plug pins. Coiled charging cable size, pocket depths and full-height fit remain untested.
